Media, add more of the world's most iconic franchises to the more than 100 high-quality games already available and materially increases our ability to increase content," he elaborated. Microsoft beefed up Game Pass this year by adding plenty more titles for players to enjoy.

The company announced that EA Play would be added to Game Pass Ultimate in the coming months, bringing popular franchises like FIFA and Battlefield to the platform at no extra cost.

EA Play will arrive on Xbox Game Pass Ultimate on November 10, the same day that Microsoft is launching both the Xbox Series X and Xbox Series S consoles.

"In gaming, we expect revenue growth in the high 20 per cent range. We expect very strong demand following the launch of our next generation Xbox Series X and S consoles, driving supply-constrained hardware revenue growth of approximately 40 per cent," said Amy Hood, Microsoft CFO.
